SUBJECT: MGL-A-7730, paragraphs 10 through 13

In connection with the problem caused in Germany by political refugees from the satellites and Eastern European expellees, I recommend that [] pull together the views of interested elements of CIA and write a consolidated letter of guidance to the field. It seems to me that the following individuals should be consulted: [], [] and []

[] and one or two appropriate representatives of EE/OPC. If it then develops that State Department guidance is necessary, it would be advisable for OPC to take on the job of obtaining this.

Please push forward promptly with this program. The issue will become burning during the negotiations for contractual agreements in Germany scheduled to be held between now and the end of October.
